

Luxury for every day, luxury in GREEN

A new product appeared on the luxury market, which is not only a brand new technology but also unique regarding environmental consciousness.

The brief introduction is about a new hybrid electric bike with the mixture of luxury elegance and outdoor lifestyle.

The M55 Terminus is a 'luxurious toy'. It is built for everyday use so its rider could feel himself extraordinary. This e-bicycle bears an innovative electric motor which makes the riding much more easier but doesn't eliminate the need of human power. With the motor assist, you can ride everywhere and even make yourself fitter.

Each Terminus piece is unique and the client can handpick most of the components fitting his taste. There are no such dreams we could not make come true. There are five different editions of the M55 Terminus, the 'Classic', the 'Biceps', the 'Royal', the 'Airbrush' and the 'Prime'. Each purchased model comes with a plate dedicated to its owner.

Most of the components are fitted and made by hand, because we care about every single detail. Due to the countless numbers of customizable options, this e-bike is a limited edition product. Only 5x55 pieces are made by us. The CNC machined Aluminium frame base and the 250-1500W motor results in a light but powerful machine.

Environmental consciousness is of higher and higher importance nowadays and there is no doubt that we must respect our mother Earth much better than before. M55 bikes utilize not one but two absolutely green energies, hence the Terminus is not only about health and sporty lifestyle but also about 'greener' one. When you ride on one of these masterpieces of art, you will feel proud about yourself because it's a pioneering green transportation device.

M55 bikes give you freedom, deluxe experience and a unique lifestyle which is absolutely necessary for a healthy and balanced life... and the sensation is beyond description: everything becomes possible, the boundaries of riding disappear.

Our target market are those wealthy individuals who are seeking exclusive products, who demand to be unique, only satisfied with the finest quality in every single detail and seeks healthy lifestyle and cares about nature.
